Dear Valued Customer,

It is with many conflicting emotions that I inform you that our family has decided to sell the fuel oil and HVAC side of our business. I'd like to introduce you to the company that will now be servicing your account, Supreme Energy, Inc., and its President, Deborah Fineman.

Supreme Energy is a very fine company that operates by the same basic principles of integrity and customer service that have always governed our business. Like our company, Supreme is a family-run organization that has a long continuous record—over 95 years—of providing premium service to residential and commercial customers. I could not have taken this step if I were not certain that our loyal customers will be well taken care of. I know you will find Supreme Energy's service and reliability second to none.

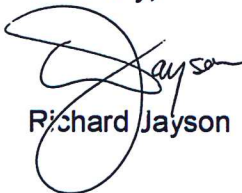

Many of our staff members who have handled this side of the company will now join the Supreme Energy team, so you can continue to do business with people you know while, at the same time, you are getting to know and trust Debbie and her excellent team.

Debbie and I encourage you to check out the Supreme Energy website, SupremeEnergyInc.com. There you can get to know Supreme's management team and learn about the many additional services your new company provides, including complete HVAC maintenance and installation, 24/7 emergency service, and stand-by generators.

Going forward, please contact Supreme Energy with any questions or inquiries regarding your account by calling (973) 678-1800 or 1(800) 832-7090. Their outstanding customer service team is ready to take your call. You can also submit your request 24 hours a day via their website, SupremeEnergyInc.com or by e-mail: info@SupremeEnergyInc.com.

From all of us at The Jayson Company, thank you for your business. This was a very difficult decision for us to make, and we sincerely thank you for your loyal patronage. And from your new team at Supreme Energy, we are looking forward to servicing you. We will work very hard to make the transition seamless and earn your continued patronage.

Sincerely,

Richard Jayson
